## Moving forward into the 21st century...

The use of Comic Life software can motivate students' creativity in writing by integrating technology to produce original products.

Download a 30 day trial from <http://plasq.com/comiclife>.

Comic Life can be integrated into all content areas. It can be used for:

- comic strips
- storyboarding
- documenting school outings
- book reports
- poems
- timelines
- reports on historical figures
- graphic novels
- storytelling
- documenting experiments
- instructions
- brochures
- "All About" projects

30 DAY TRIAL

## easy as 1,2,3!

Follow these 3 easy steps to get started in the writing process:

1. Choose a page template or panel.
2. Add images, speech balloons, lettering, or text boxes
3. Format images, speech balloons, lettering, or text boxes.

For more ideas of how to use this software with students, visit Comic Life's website and explore the gallery.
